

XpresCheck® Opens Second COVID-19 Testing Facility at Denver International Airport

February 22, 2022

Located pre-security in the Great Hall

DENVER, Feb. 22, 2022 (GLOBE NEWSWIRE) -- XpresSpa Group, Inc. (Nasdaq: XSPA) ("XpresSpa" or the "Company"), a health and wellness company, today announced that it has opened a second XpresCheck® COVID-19 testing facility at Denver International Airport (DEN).

XpresCheck is located pre-security in the Great Hall with six separate testing rooms. COVID-19 testing options include a Rapid RT-PCR test and the standard Polymerase Chain Reaction (PCR) Test.

Scott Milford, XpresSpa Group CEO, said, "We are thrilled to open our second testing facility in Denver. This new testing facility is pre-security, so passengers traveling through DEN will now have greater access to testing options so that they can meet the entry requirements of their final destination. The demand for reliable COVID-19 testing remains strong and we are pleased to be providing this additional layer of safety to the traveling public."

"It is critical for passengers to have an option to get a rapid COVID test pre-security, especially as international travel rebounds," said DEN Senior Vice President of Concessions Pamela Dechant. "We are excited to bring another COVID testing option to DEN in partnership with XpresSpa."
