

XWELL Introduces New Esthetic Facial Services to Naples Wax Center Locations

06/05/24

Premier skincare treatments to meet growing customer demand and expand market reach

NEW YORK, June 05, 2024 (GLOBE NEWSWIRE) -- XWELL, Inc. (Nasdaq: XWEL) ("XWELL" or the "Company"), an authority in wellness solutions for people on the go, is thrilled to announce the introduction of elevated esthetic facial services at our Naples Wax Center flagship location in Naples, FL. The new offerings include a Microderm Infusion Facial, LightStim® Invigorating Light Facial and Classic Refreshing Facial. These advanced services will also be available at all new Naples Wax Center locations currently in development, further enhancing XWELL's commitment to offering premier skincare treatments.

"In our efforts to not only provide the highest level of skincare services, but also exceed our clients' expectations, we are pleased to introduce these three new offerings at Naples Wax Center," stated XWELL Chief Executive Officer, Scott Milford. "By expanding our service menu, we aim to deliver greater value to our existing customer base, attract a wider clientele and significantly contribute to our revenue stream. The addition of these luxurious services carries a higher price and in turn deliver higher margins."

The new offerings include a **Microderm Infusion Facial** that employs the DiamondGlow® 3-in-1 technology to exfoliate, extract debris and infuse advanced serums into the skin when pores are most receptive. This noninvasive skin resurfacing treatment results in radiant, rejuvenated and healthy-looking skin.

The **LightStim® Invigorating Light Facial** utilizes the power of LED light therapy to achieve a youthful appearance, targeting facial wrinkles through the use of Amber, Light Red and Dark Red wavelengths that work together to diminish redness, rejuvenate the skin, improve skin tone and reduce fine lines and wrinkles.

For skin concerns such as congestion, lack of radiance, sensitivity, fine lines and loss of firmness, the **Classic Refreshing Facial** provides deep pore cleansing, exfoliation and extractions in the form of a deeply relaxing treatment that is suitable for all skin types.

Additionally, Naples Wax Center is introducing curated retail product lines that align with our new service offerings, including SkinMedica and PCA Skin. SkinMedica, known for its advanced formulations and clinically tested ingredients, offers a range of products designed to improve the overall health and appearance of the skin.

The implementation of these new offerings at Naples Wax Center locations aligns with XWELL's focus on accelerating out-of-airport portfolio growth, while complementing the series of tech-forward initiatives across the XWELL portfolio. This includes the recent Ceragem V6 Therapeutic Thermal Massager in select XpresSpa locations and pilot integration of Revitalize's IV hydration drip therapies in our Miami International Airport (MIA).
